Dark Warrior Diary

The *Dark Warrior Character Diary* is a character information book that is used with *The Sailor Moon Role-Playing Game and Resource Book*. You should use this book if you have created a Negaverse Warrior or other villain; Sailor Scout and Knight characters have their own separate diaries.

The *Dark Warrior Character Diary* features:

- A deluxe 14-page character sheet, with expanded sections on *Dark Warrior* powers, magical items, physical traits, character personality, family history, the character's allies, outlook on life, personal manifesto and philosophy, present and future goals, and character advancement.

- Over 40 diary pages on which you can record your character's inner thoughts and arcane knowledge, plans to destroy the Sailor Scouts, poetry, spells, character sketches, or any other game notes concerning your character. Over 20 pages have special "watermarked" images of the Negaverse Warriors and other dark villains.

- An opening title page for your character sketch or picture

- Over a dozen black-and-white pictures of the Dark Warriors that can be coloured, cut out, and pasted on the title page (to the left).

Whether you are playing in a campaign, mini-campaign, or one-shot adventure, the Dark Warrior Character Diary is the window into your character's soul!
