Sailor Moon **Theme Song**

Fighting evil by moonlight,
Winning love by daylight,
Never running from a real fight.
She is the one named Sailor Moon.

She will never turn her back on a friend,
She is always there to defend,
She is the one on whom we can depend.
She is the one named Sailor ...

Sailor Venus!
Sailor Mercury!
Sailor Mars!
Sailor Jupiter!

Her secret powers are so new to her.
She is the one named Sailor Moon!

She Is the One Named Sailor Moon. . . .

Serena looks like a normal girl. But she is really Sailor Moon, a hero who fights evil. Many years ago, Serena lived on the moon. Her mother, Queen Serenity, ruled there. Then the evil Negaverse came. They destroyed the peaceful world on the moon.

Queen Serenity sent Serena and the other Children of the Moon to Earth, into the future. Even there they had to keep fighting the evil of the Negaverse. Serena became Sailor Moon. Her friends Amy, Lita, Mina, and Raye

became the Sailor Scouts. And her true love, Prince Darien, fought evil as Tuxedo Mask.

Serena and her friends defeated the Negaverse. They lost all their memories. Then a new enemy from the Negaverse came to Earth. Serena got her memory back. But the Sailor Scouts and Darien still do not know who they are. They think they are regular kids. They do not remember fighting the Negaverse.

Now Serena needs their help. It is time for the Sailor Scouts to unite!

Chapter One

Remember When

Serena burst into her bedroom. "Luna! Artemis. Where are you two? You will not believe what happened to me!"

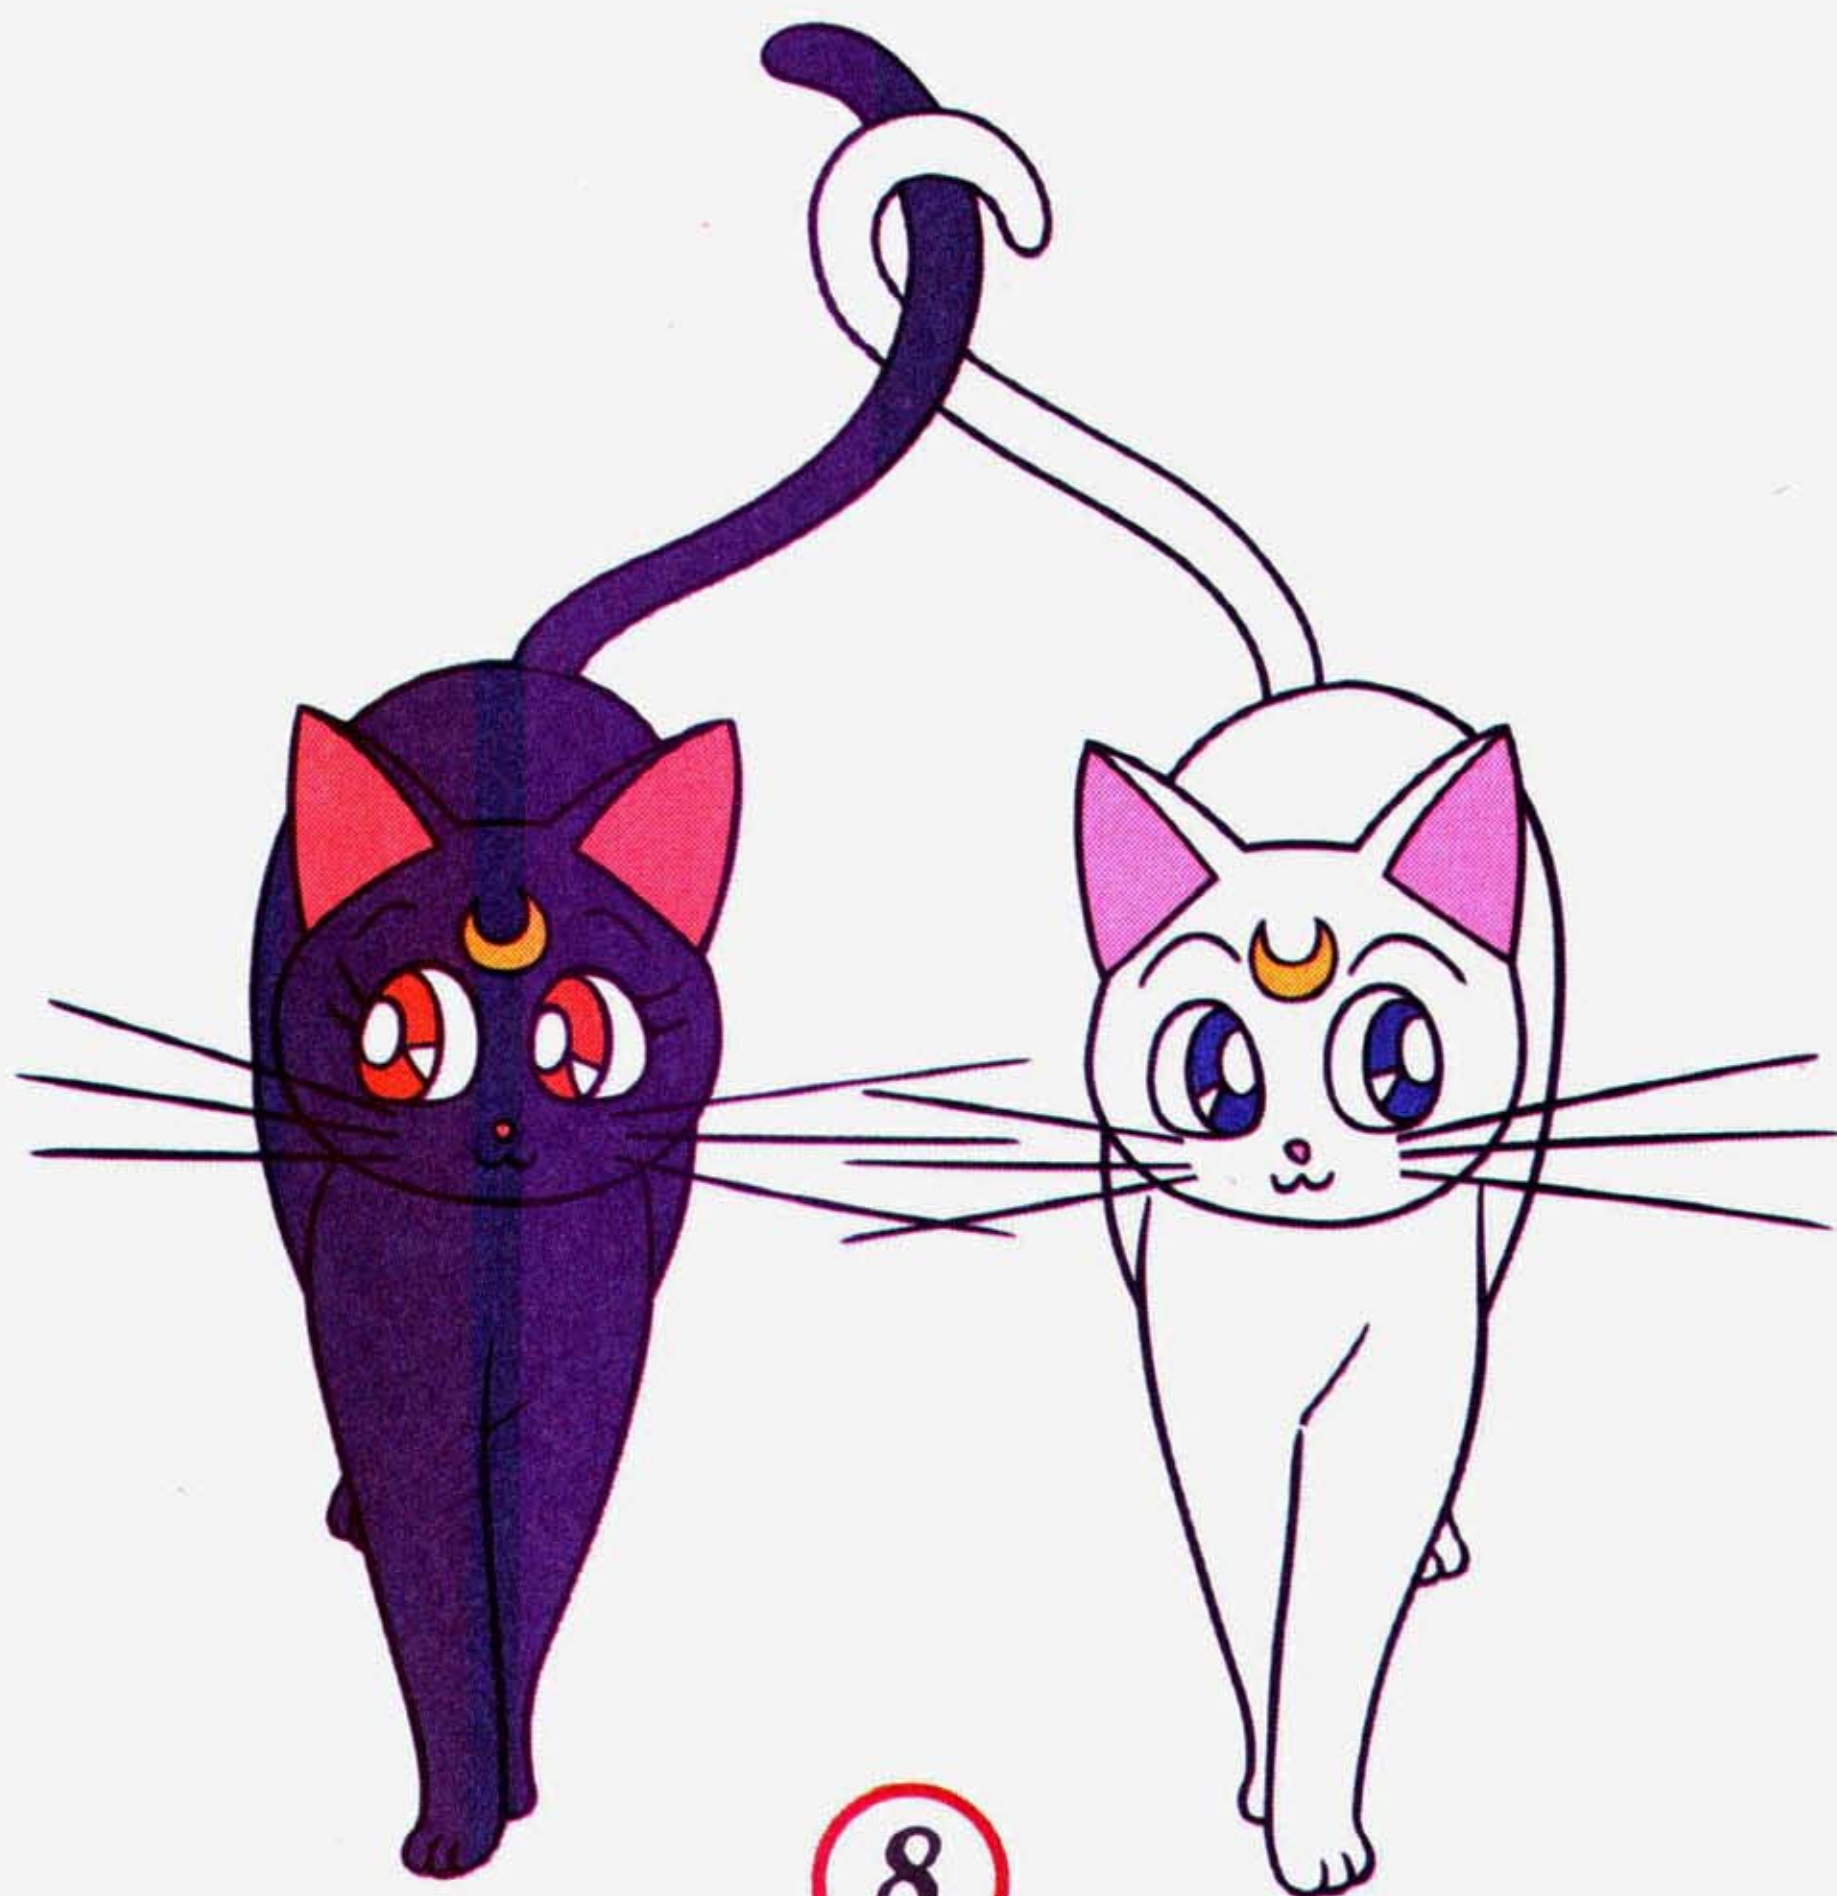

Luna, a small black cat, jumped off the windowsill. A white cat named Artemis jumped down beside her. Luna and Artemis were very special cats. For one thing, they could talk. They were guardians sent by Queen Serenity. It was their job to watch over Serena and the Sailor Scouts.

"What is it, Serena?" Luna asked.

"Oh, Luna," Serena said, shaking her long yellow ponytails. "I just saw Darien, and he does not remember me. Back on the moon, we were in love. Now he thinks I am a silly girl."

"Oh, dear," said Luna.

"It gets worse," said Serena. "There is a new girl in school. Her

name is Anne. And she likes Darien, too. What if he likes her back?"

"Do not worry, Serena," said Artemis. "Darien will get his memory back soon. And so will the Sailor Scouts."

Serena's large blue eyes got even wider. "Why? Don't you trust me? I can protect Earth all by myself!"

Serena grabbed a globe off her desk. She held it above her head. "See! Big Serena, little Earth! The world does not have a thing to worry about. Whoa —"

Serena dropped the globe on her head. She fell to the floor.

Luna and Artemis shook their heads. "I think," Luna whispered to Artemis, "that the Sailor Scouts will have to get their memories back — and soon!"

Chapter Two

Choose a Cardian

Not far away, a strange boy stood at the foot of a giant tree. The boy, Alan, was an alien. Alan had long blue hair, blue eyes, and pointy ears. Alan was worried.

"Something is happening to the Doom Tree," Alan said. The tree had large, thick roots. Curved branches grew out from the trunk. Dying leaves clung to the branches.

"The leaves are withering," Alan said. "But we are feeding the tree

lots of human energy. It should not be dying!"

"Alan? What is wrong? You look upset." Alan's partner, Anne, walked in. Anne was an alien, too, with pink hair and eyes.

Alan and Anne had come from the Negaverse. They disguised themselves as a human brother and sister. They used their alien powers to steal energy from the humans they met. They fed the energy to the Doom Tree. In turn, the tree gave them the energy they needed to live.

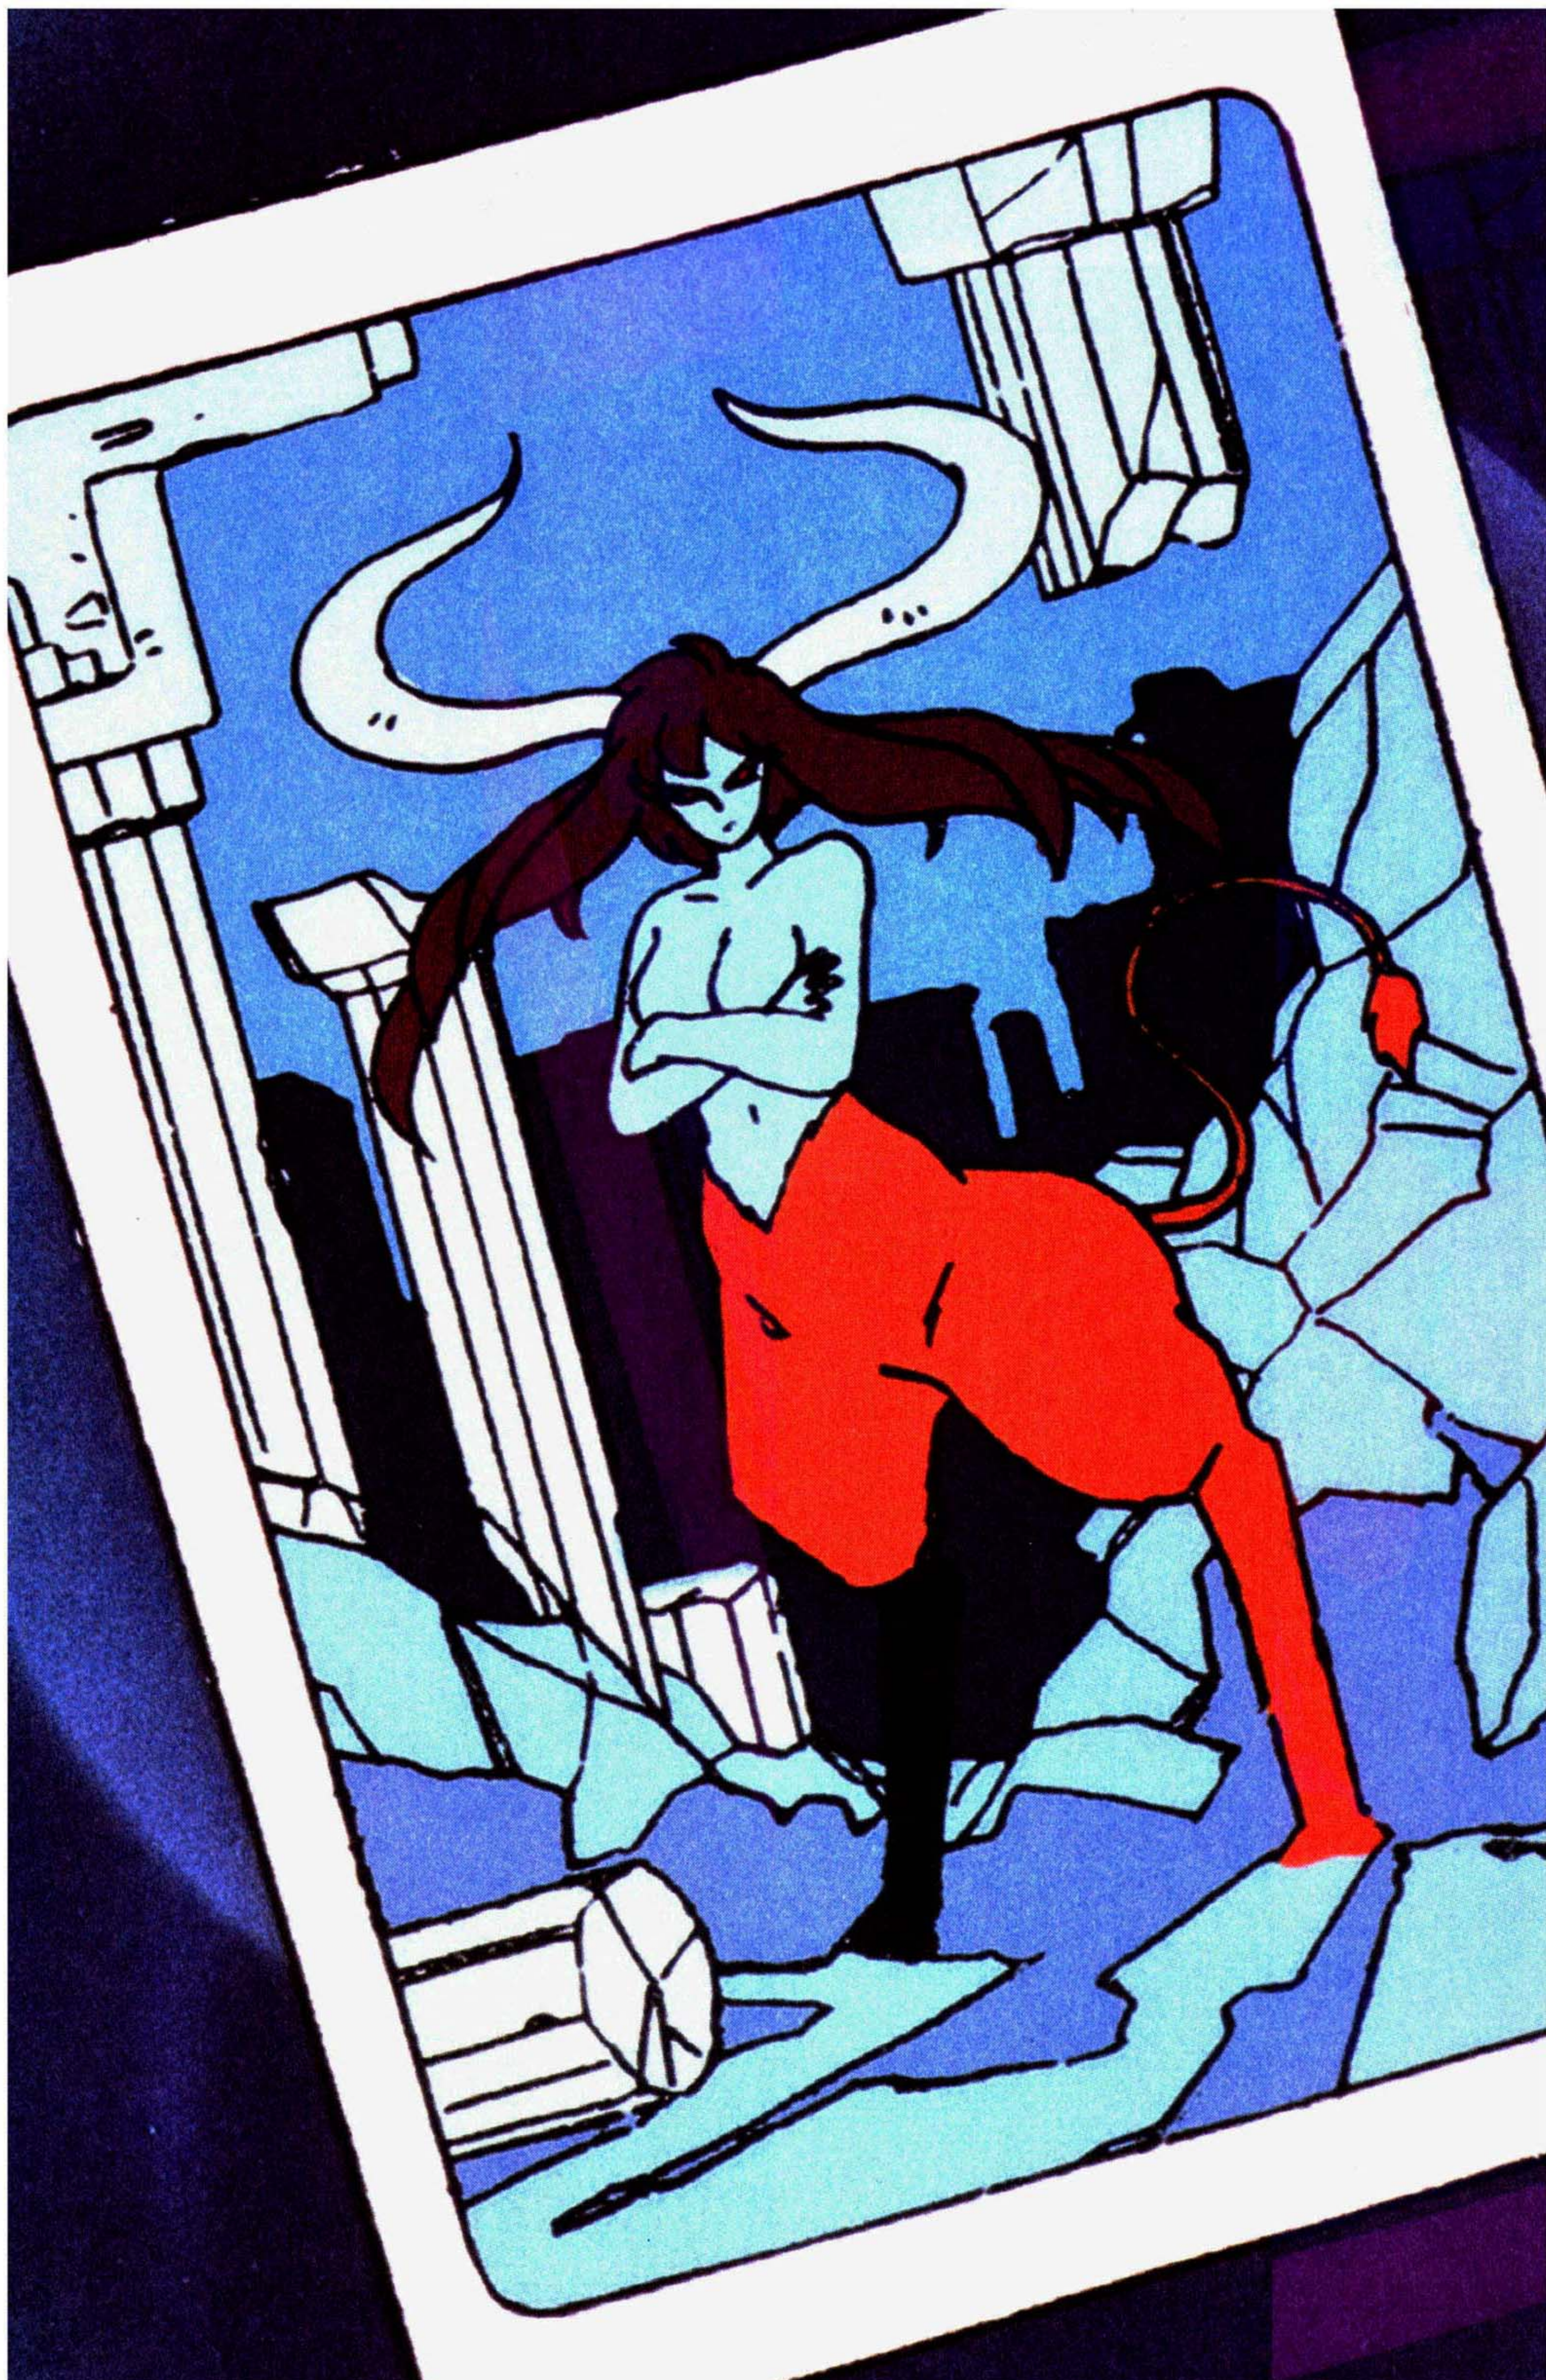

"Look for yourself, Anne. The Doom Tree is in trouble!" Alan said.

"We will find some new energy for it," said Anne, laughing. "That is easy enough."

"Okay, Anne," Alan said. He held up a deck of cards. "Pick a Cardian, any Cardian."

Anne grabbed a card and tossed it into the air. The card began to grow very large. There was a picture of a strange creature on it. The creature had two big horns and long red hair. The top of its body looked like a human's. But the bottom half looked like a bull's, with a long tail.

"Good choice, Anne," said Alan.

"Cardian Minotaur, come forth! We need you to steal energy for us."

The card began to glow brightly in the dark sky. A loud roar filled the air. Alan and Anne looked at each other and smiled. This was going to be fun!

Chapter Three

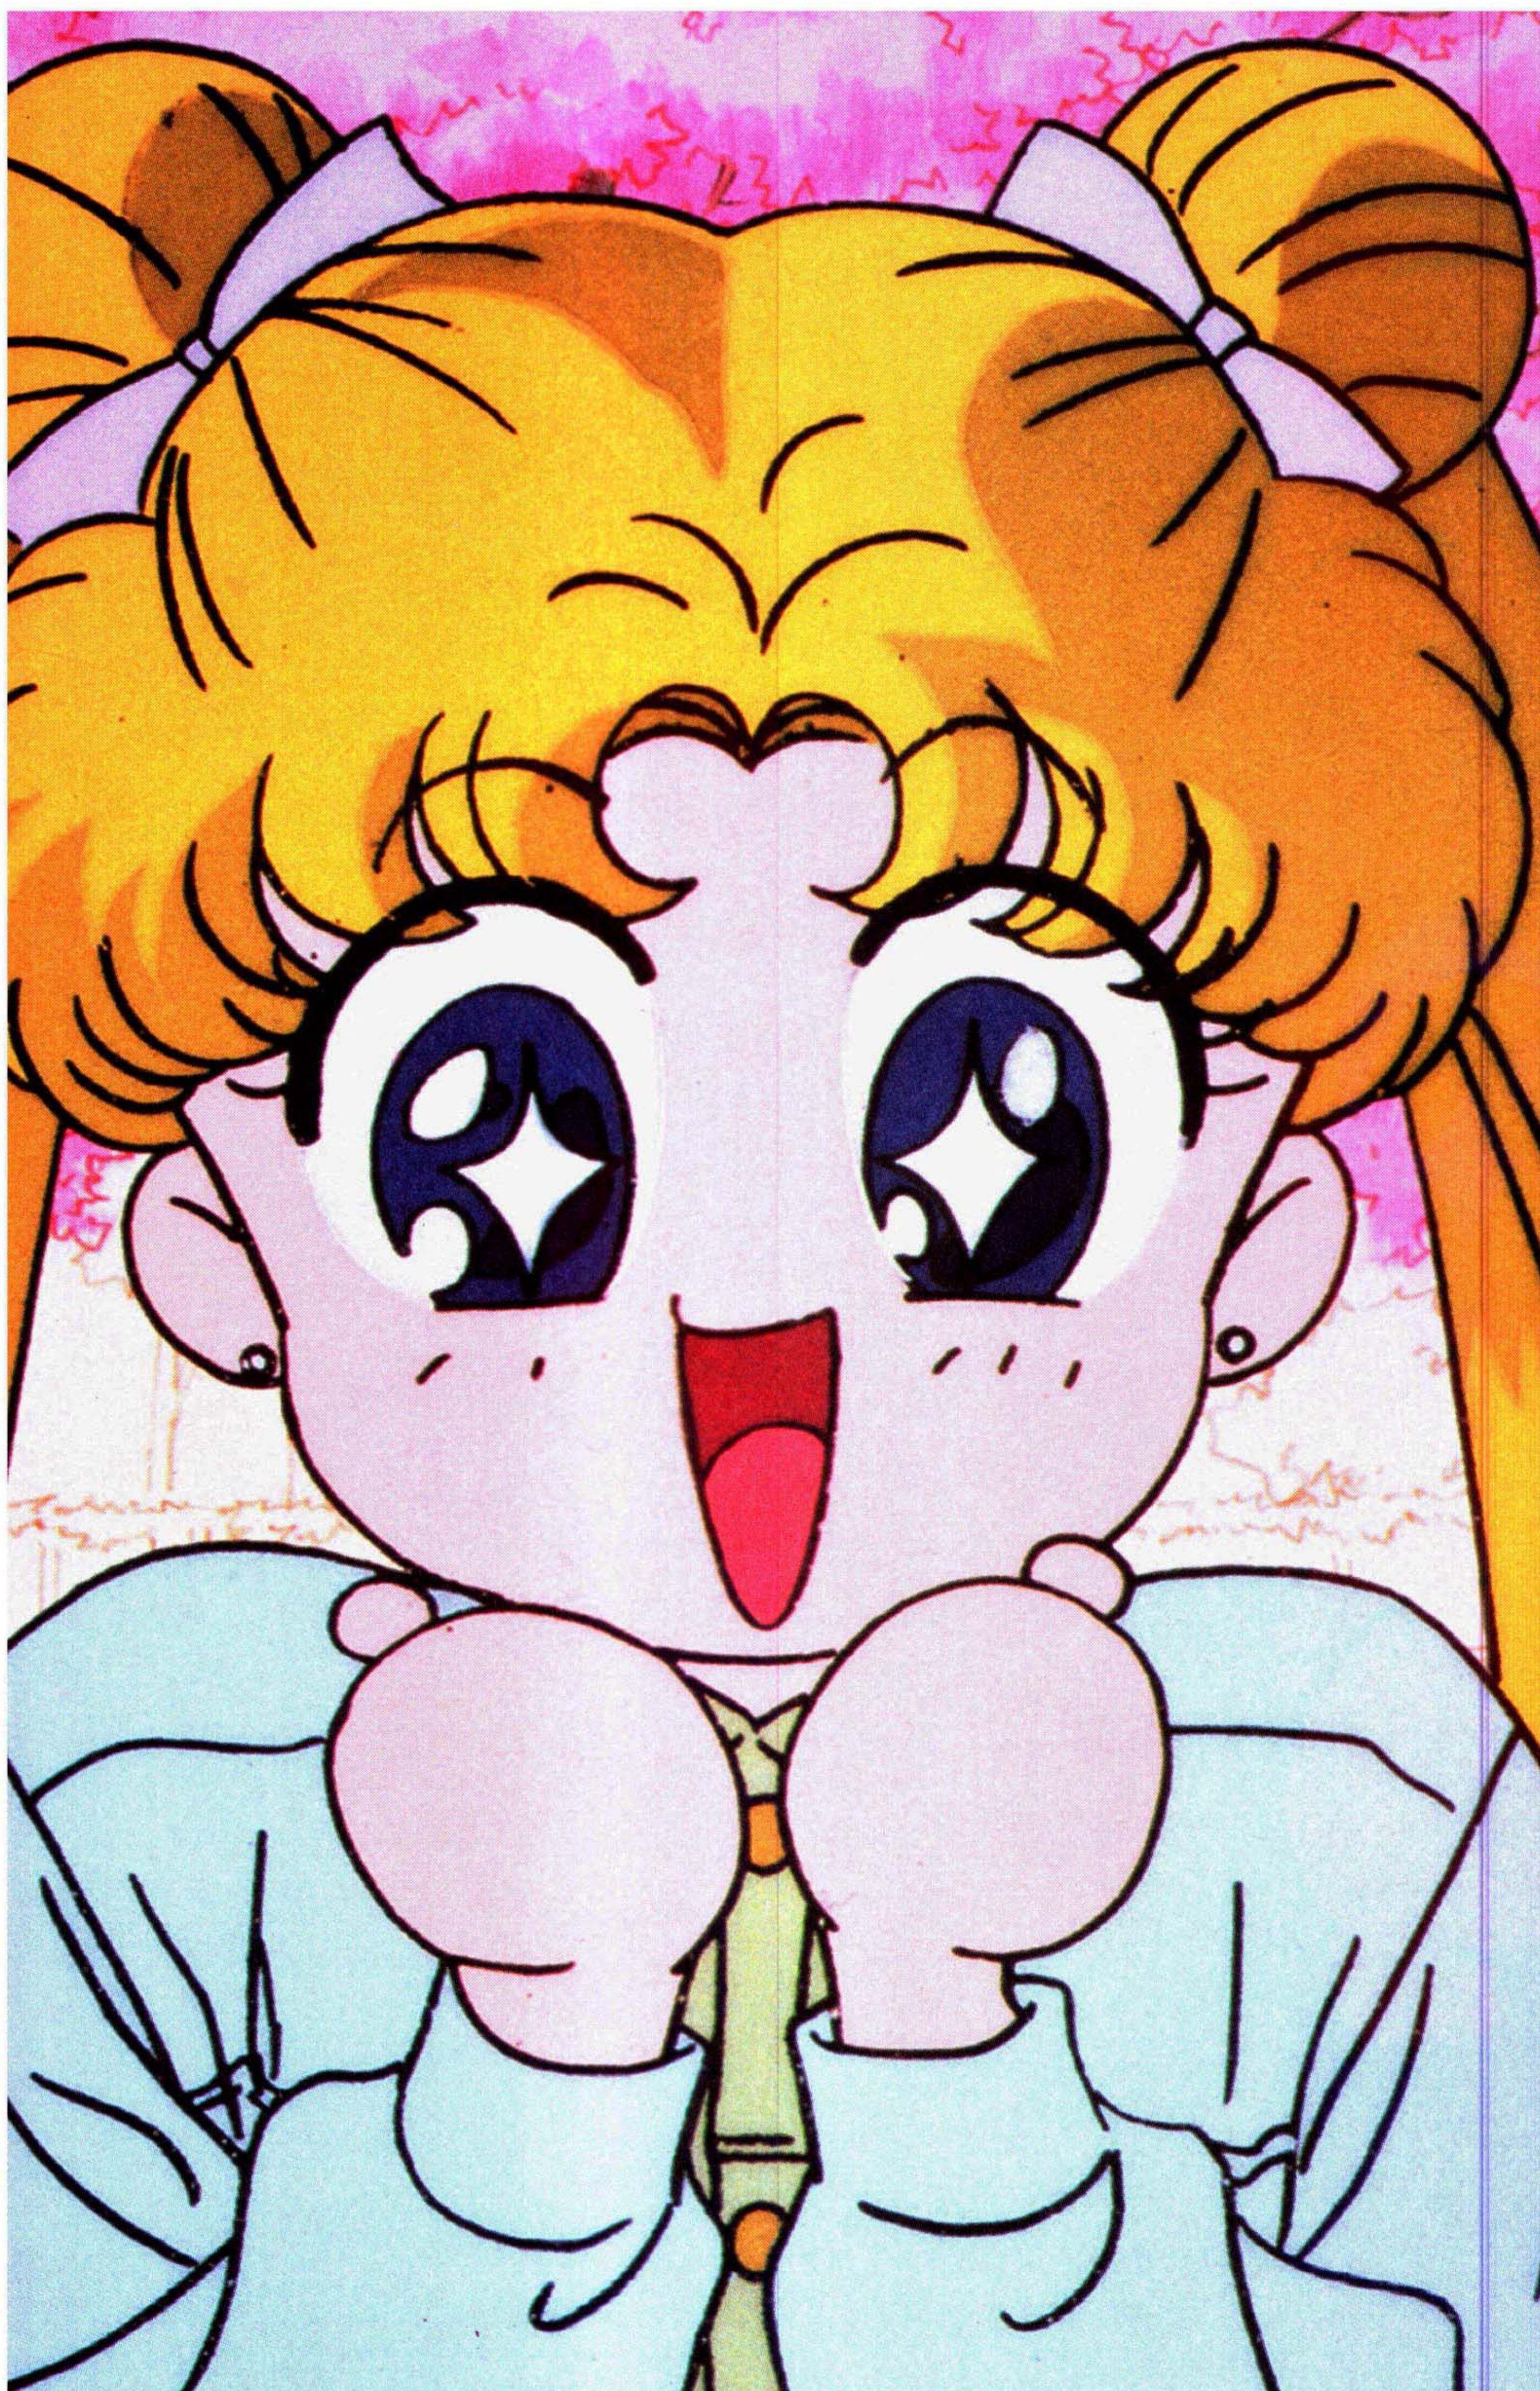

So You Want to Be a Star

Serena did not know what Alan and Anne were planning. The next day she went to school. She was not even thinking about the Negaverse. She was too busy talking with her best friend, Molly. Molly did not know Serena was Sailor Moon. No one at school did.

"What? You are going to be in a movie!" Serena yelled.

"Keep it down, Serena," Molly whispered. "I don't want everyone to know. I have to audition first. I

am going to go to the movie studio today after school."

"How great," Serena said, sighing. "I would love to be in a movie."

"You should come with me," Molly said. "I would feel a lot less nervous if you were there."

"Okay! I will meet you at the studio," Serena said happily.

I am sure that I will be able to audition, too. Then maybe I will get picked to be in the movie, Serena thought. I could become a famous movie star!

Chapter Four

Old Friends

Serena and Molly went to the movie studio after school. Serena had brought Luna with her for good luck. But there was a problem.

"Please, please let me in!" Serena begged. She was standing in the hallway of the movie studio.

"Sorry. You can only go inside if you are on the list to audition," said the guard.

"I am sorry, Serena. Wish me luck anyway!" Molly said.

Serena slumped against a wall. She wanted to go inside so much.

Then a sound made Serena look up. Four girls were walking into the studio. It was the Sailor Scouts!

Amy, with her short blue hair and big blue eyes, walked in first. Lita followed Amy into the room. Lita was a tall girl with long brown hair and green eyes.

Raye and Mina were behind them. Raye had long black hair and large violet eyes. Mina had long blond hair and blue eyes.

Serena thought back to all the times the Scouts had battled the

Negaverse with her. Along the way, they became the best of friends. The girls were like family to her. And they could not even remember who she was!

The guard shut the door behind them.

I miss them so much, thought Serena. It is hard to believe they do not remember me. I wonder if they ever will!

Chapter Five

The Minotaur

While Serena was stranded in the hallway, the girls were waiting for their turn to audition. Amy, Lita, Raye, Mina, and Molly sat in an ordinary-looking office. Suddenly, a wall in the room slid back.

The girls gasped. Behind the wall was some kind of strange land. Large towers rose into a dark sky.

Amy stood up. "I think I will leave now," she said. "This does not seem like a regular movie audition."

But Molly was not scared. "Cool!

I did not know this was going to be a science fiction movie."

Mina frowned. "I do not know," she said. "This does not look like a movie set to me."

"Look up there!" Raye called, pointing to one of the towers.

The aliens Alan and Anne stood on the top. Alan held a flute, which he began to play. An eerie sound filled the room.

"Silly humans," Anne said. "You thought you were coming here for a movie audition. Now we have you right where we want you!"

"Excuse me, but I am sure I want

to leave now," Amy said. She headed for the door.

"You are not going anywhere," Anne cried. "Minotaur, come forth!"

Anne threw the card into the air. There was a burst of light. The picture on the card came to life. The Minotaur leaped onto the ground. It roared at the girls.

"Awesome special effects! If I did not know any better, I would think that monster was real," Mina said.

"I think it is real! Help!" screamed Amy as the Minotaur jumped in front of her.

The Minotaur charged after the girls. Their screams filled the room.

"Is this going to take long, Alan?" Anne asked, sounding bored.

"Anne, this is the fun part. It is like music to my ears," Alan said.

"I do not feel like waiting. I am leaving," Anne said.

"Suit yourself." Alan shrugged. He turned back to watch the screaming girls. "She does not know what she is missing."

Chapter Six

Lost

"Serena, we are just walking around in circles!" Luna complained.

"It is hard to find the way out of here. It is like we are in a maze," Serena said.

Serena and Luna had been wandering the hallways of the movie studio. Serena had to find a way into the audition. But then they got totally lost. Suddenly, a door opened and Anne stepped into the hallway. She looked like a normal human girl again.

"Serena! What are you doing here?" Anne asked.

Serena glared at Anne. She had no idea that Anne was really an alien from the Negaverse. All she knew was that Anne had never been very nice to her.

All of a sudden, a tall, good-looking boy with dark hair came hurrying down the hallway. He was carrying some packages. Serena gasped. It was Darien! What was he doing here?

"Sorry, girls, no time to talk. I am in a hurry," Darien said as he rushed past them.

"Darien? I guess this must be where he works," Anne said.

"I am going after him," said Serena. "I bet he will not be too busy to talk to me."

Serena ran down the hall after Darien.

"Wait up!" yelled Anne. "I am coming, too!"

That Serena, Luna thought and then smiled to herself. She is always running off somewhere.

Then Luna looked over at the door Anne had just come through. Luna got a strange feeling when she looked at the room.

Something is wrong, thought Luna. I must find out what it is.

Luna slowly walked through the door. Looking around, she saw the strange dark sky and the tall towers. Then she saw the girls. They were running from a terrible monster.

"I can't run anymore!" screamed Molly. She fainted and fell to the floor. Raye and Lita ran to Molly. They stood in front of her to protect her from the Minotaur.

"I feel like we should do something besides run," Raye said.

"We have no choice but to fight!" cried Lita.

Raye threw her purse at the Minotaur with all her might. *Bam!* She struck the Minotaur on the head, stunning it. Lita grabbed the Minotaur and threw it over her shoulder. The monster went flying into a tower.

Luna watched from a hidden spot. *They are really something, Luna thought. They fight against evil even though they do not remember that they are really warriors!*

Chapter Seven

Sailor Moon to the Rescue!

"Hello! Anyone in there? Are the auditions over?" Serena peeked through the door. "Luna, are you here? I could not find Darien."

Then Serena noticed the Minotaur.

"Hey — what is going on in here? What is that monster?" Serena asked.

"Serena, over here!" called Luna. "No time for questions. You must transform now!"

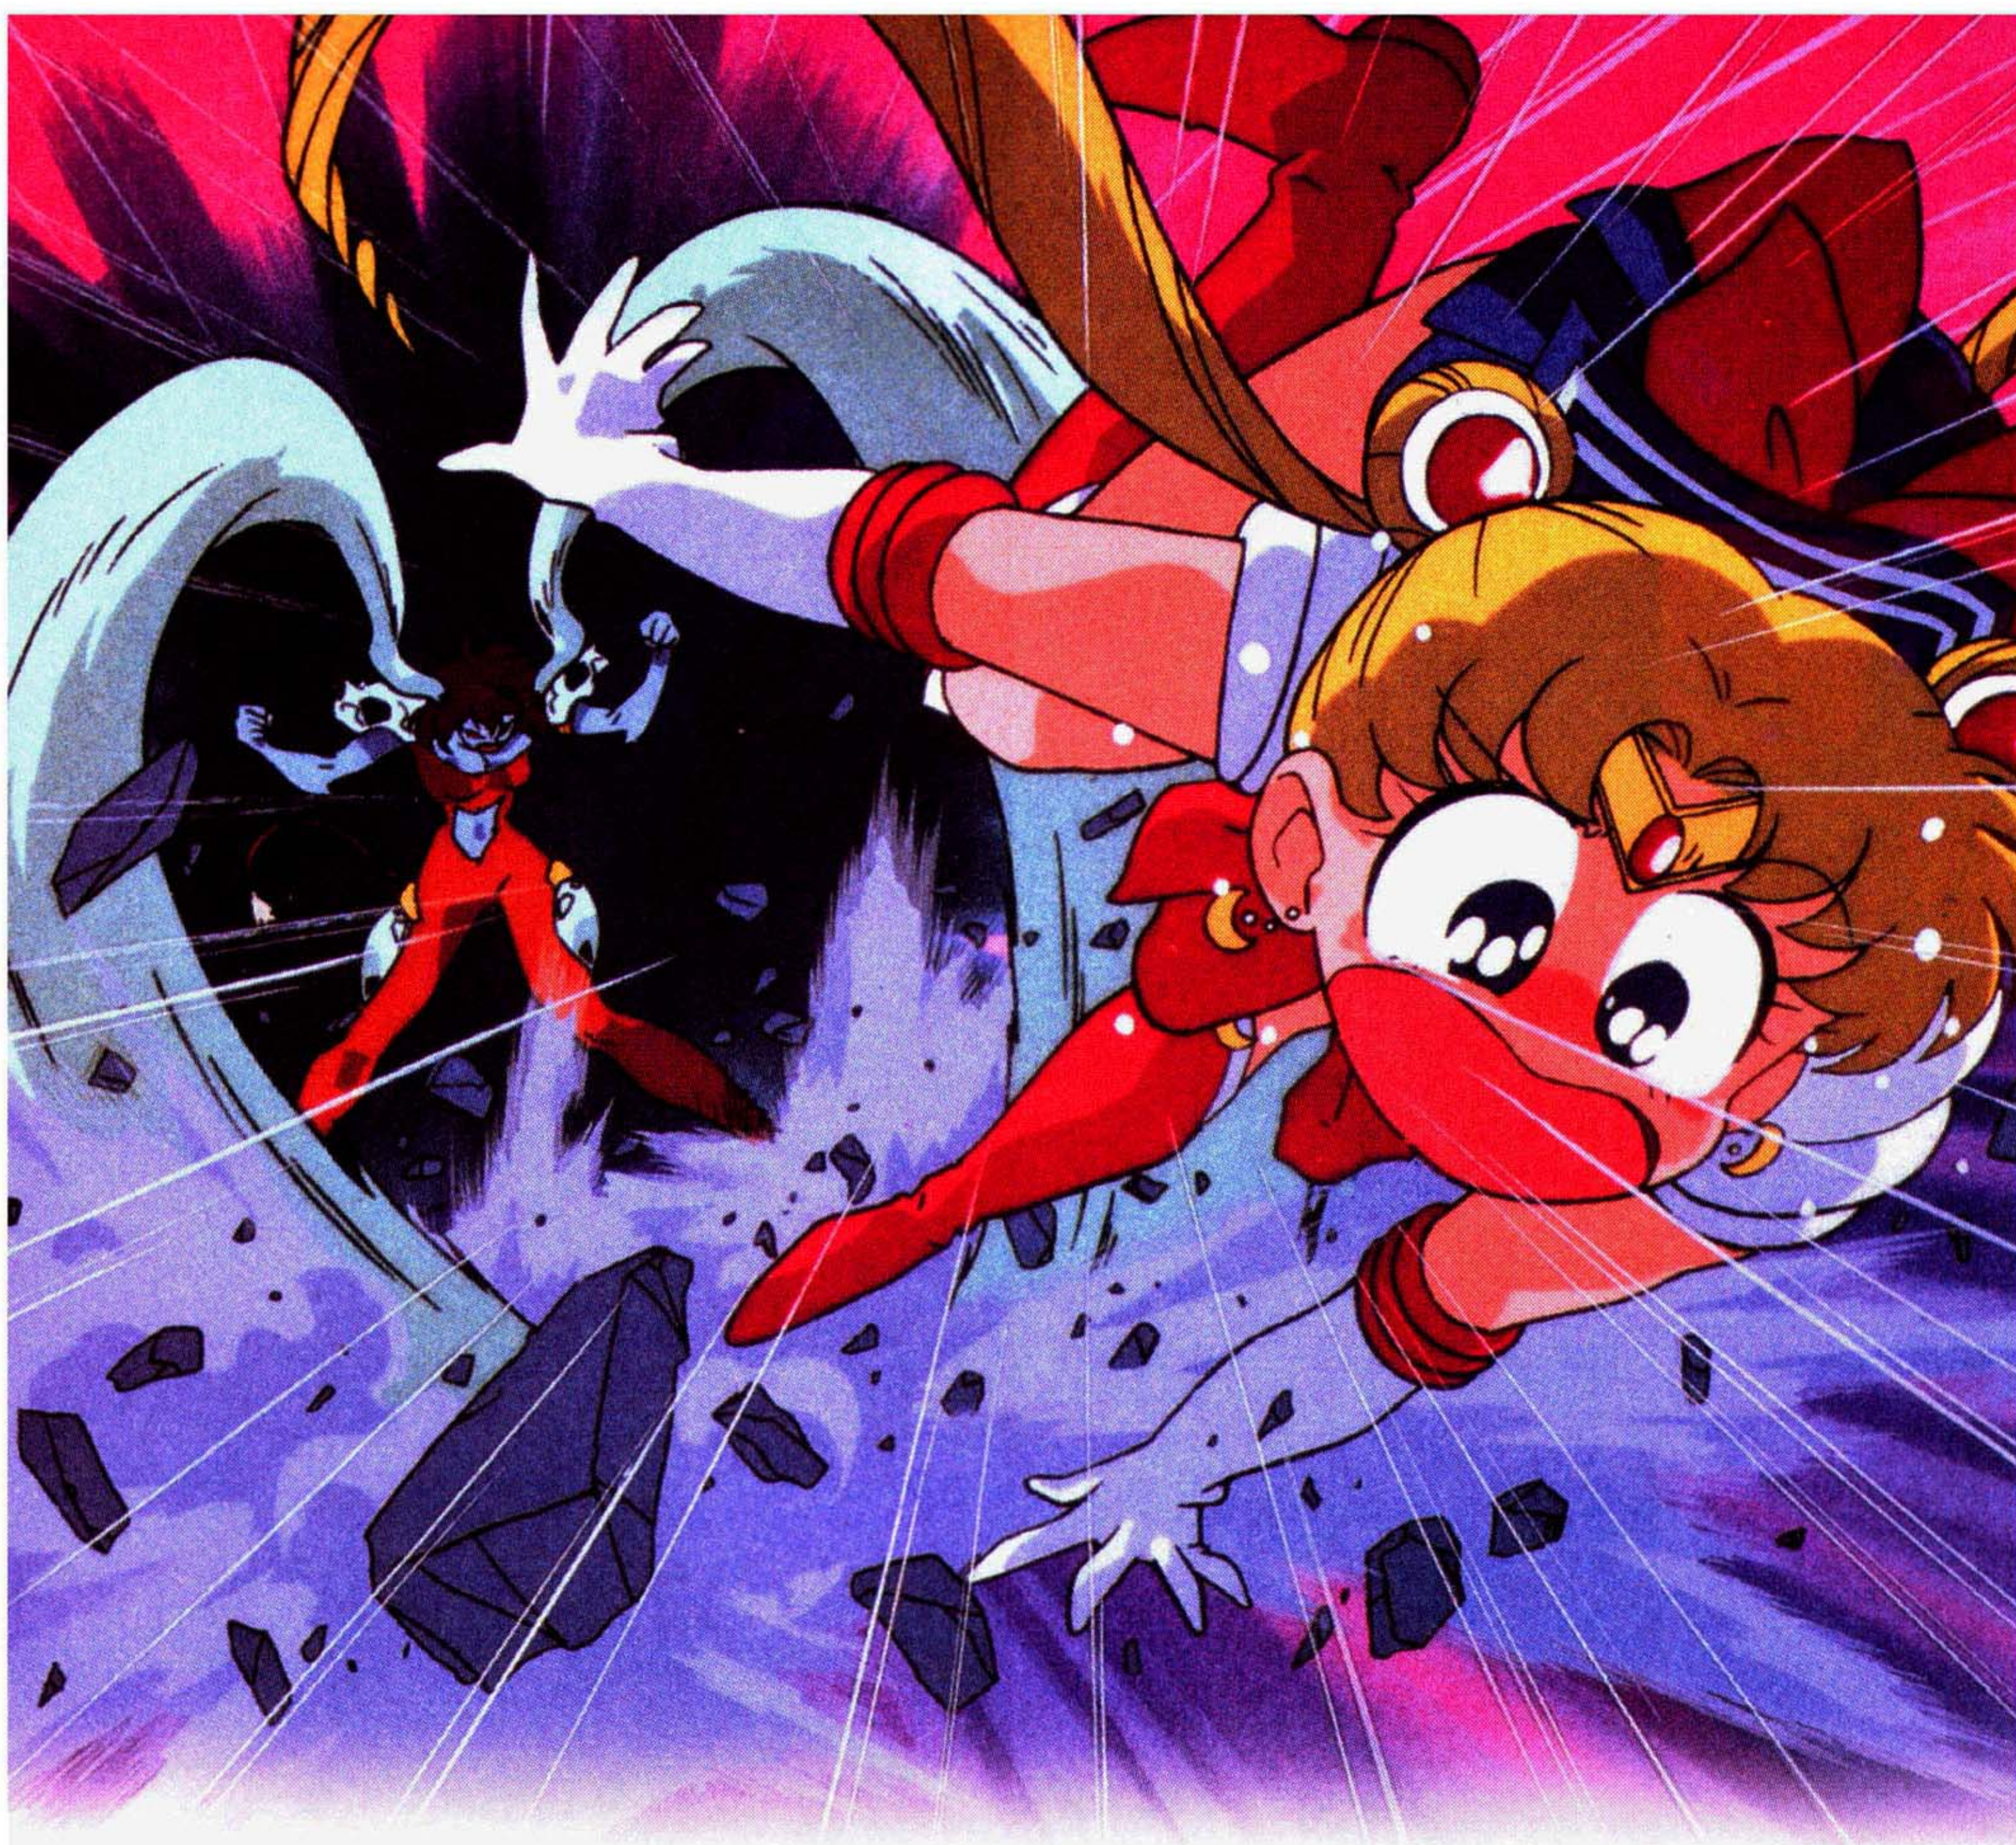

"Okay! Moon Prism Power!" yelled Serena.

As if by magic, Serena's Sailor

Moon uniform appeared on her body. She wore long red boots, a blue sailor skirt, and a white top with a red bow. A sparkling tiara glowed on her forehead. She was ready to do battle!

Amy, Raye, Lita, and Mina looked stunned. Serena sailed to the top of a large tower. "Hey, bull face — over here! I really do not know what you are up to, but I am here to stop you. I stand for love and justice, and I live to dump trash like you!"

The Minotaur spoke in a creepy voice. "Not likely!" it yelled. It low-

ered its sharp, pointy horns and charged at Serena.

Serena reached for her moon crescent wand. "On behalf of the moon, I will punish you!"

But her wand was not there. Serena panicked. She did not know where the wand was, but she needed it. The wand held the magic of the moon. She used it to battle evil.

The Minotaur roared and ran at Serena. Its long horns pinned Serena against the tower. She could not fight it.

Serena began to feel very sleepy. The Minotaur was draining her energy!

"I feel so weak," moaned Serena. "So tired."

The Minotaur howled, "You are mine!"

Chapter Eight

Sailor Scouts Transform!

"Quick! You girls have to help Sailor Moon!" cried Luna. She ran up to Amy, Lita, Mina, and Raye.

"That cat talked!" Mina was surprised.

"I hope you girls will not regret this, but I have to do the Lunar Mind Meld right away!" said Luna.

Luna stood in front of the four girls. A beam of light shot out from the moon crescent on her forehead. The beam split four ways. The light shone onto each girl's head.

A look of surprise came onto the girls' faces.

"I remember now!" shouted Raye.

"We are the Sailor Scouts," said Mina.

"And we have to protect Sailor Moon," said Lita. "We must transform now!"

"Mercury Power transform!" called Amy. She transformed into Sailor Mercury. She wore a light blue uniform.

"Mars Power transform!" cried Raye. She transformed into Sailor Mars. Her uniform was red.

"Venus Power transform!" Mina shouted. She wore the orange uniform of Sailor Venus.

"Jupiter Power transform!" Lita cried. As Sailor Jupiter, she wore a green uniform.

The Scouts were back! The girls were ready to fight.

"Let's get to it, Scouts!" Raye yelled.

Sailor Venus ran over to Serena. The Minotaur was about to drain the last of her energy. Using all of her strength, Sailor Venus

grabbed the Minotaur's horns. Serena slipped out from beneath them.

But the Minotaur was not about to give up. It turned on the Sailor Scouts, ready to do battle.

"Jupiter Thunder!" Sailor Jupiter sent out golden thunderbolts that blasted the Minotaur.

"Mercury Bubbles!" Sailor Mercury shot some magical bubbles at the Minotaur.

"Let's finish this! Mars Fire!"

Sailor Mars released a stream of flames.

"Venus Crescent!" cried Sailor Venus. She joined powers with Sailor Mars. The flames turned into a powerful crescent shape. The flames blasted into the Minotaur.

The Minotaur gave a howl of pain. The monster burst into flames. For a moment, there was silence. Then a card with the picture of the Minotaur dropped to the floor.

Alan and Anne appeared at the top of a tower.

"Enjoy your victory, Sailors!" Alan called.

"It will not last!" cried Anne. She was back to her alien self. "We will meet again!"

With that, Alan and Anne disappeared into thin air.

Serena stood up. She felt much better. She had some of her energy back.

"Hi, guys!" she called to her friends. "I sure am glad that is over!"

"I bet you are glad because we

were here to save you, huh, Serena?" Raye laughed.

"It is good to be back!" said Lita.

Chapter Nine

Together Again

Sailor Moon and the Scouts transformed back into their normal selves. They left the studio and went to a nearby park.

"I really missed you guys!" Serena said. "It was lonely without you. Although I did not really need your help. I could have taken that Minotaur all by myself."

"Yeah, right. We always have to bail you out of some mess!" Raye sounded annoyed. She thought Serena always got into trouble on her own.

"I am happy that Molly is okay," Mina said. "Do you think she remembers anything?"

"No, she thinks she got nervous and fainted. Our secret is safe," Serena said.

Luna laughed. "I hope you do not mind that I gave you back your memories. Now you cannot be normal girls anymore."

"I love being a Sailor Scout," Lita said. "Forget that boring peaceful life." She was happy to have her memory back.

Amy agreed. "Fighting the Nega-verse is what we do best!"

Mina chimed in, too. "I agree. We have to fight evil!"

"Things are finally back to normal." Serena sighed. "Now if only Darien would remember me. I know I can bring his memory back!"

Raye rolled her eyes. "Serena, you are such a meatball head!" she said.

Luna smiled. Things *were* finally back to normal.

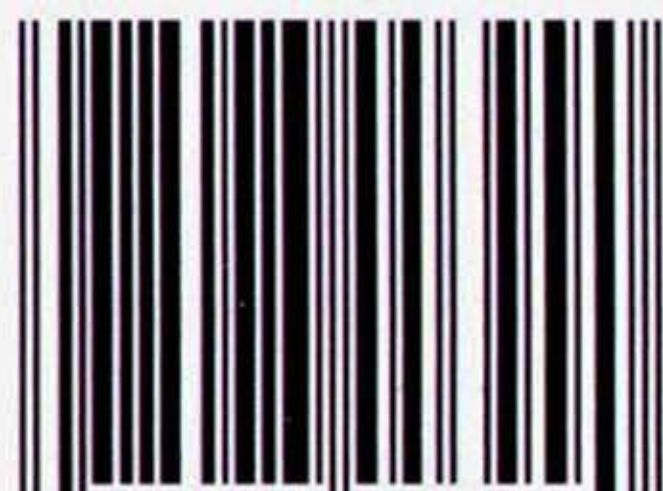

In the past,

Sailor Moon and the Sailor Scouts fought the Negaverse together. But now the Sailor Scouts don't remember who they are. They would rather try out for a movie than fight evil aliens. Sailor Moon must face the Negaverse alone. But to win this battle, she will need the Sailor Scouts' help. Will the Scouts remember who they are in time?
